MUSTER
2000

**The 2000 MUSTER is dedicated to Peter J. Ryan,
an Academy employee and a friend to all who knew him.**

July 27, 1942 – March 22, 2000

EULOGY OF PETER RYAN
by Paul O'Keefe
delivered April 1, 2000
Unitarian Memorial Church, Fairhaven, MA

It is a great honor to be asked to speak in tribute to Peter today. I speak to you as his friend as well as his supervisor at the Massachusetts Maritime Academy.

Almost 13 years ago, Peter came to work at Mass Maritime. He studied hard, earned his license and has been a wastewater treatment plant operator for the past 8 years. Little did he know he had become a member of our Academy family.

In 1998, Peter once again applied himself and became a certified pool operator. Peter's pride and joy was in taking care of our Olympic size swimming pool and he did it well. His daily routine would take him throughout the campus to check on mechanical equipment, His first stop would be the gym.

Tradition included meeting for morning coffee with a small group of athletic department employees. I'm sure many of the world's problems were discussed, if not solved, at these meetings, and boasts and wagers made in friendly camaraderie. The morning after Peter's passing, his coffee was poured and placed at his seat in remembrance.

11 years ago the Athletic Department began sponsoring an annual triathlon. Peter loved this event. He participated every year until his illness prevented him from competing. This did not stop him. He continued participating by helping out the staff anyway he could. He was always encouraging and supporting the participants. In tribute to Peter the Athletic Department has decided that this event will now be named the "Peter J. Ryan Memorial Triathlon."

Peter's rounds of the campus brought him in contact with many people throughout the day. All loved his cheerful banter and some approached him for advice. He was admired for his determination and guts. He was a "good human being."

Peter was always thinking of others. When I last spoke to him the day he passed away, he was asking me about a co-worker who was in the hospital recovering from a sudden illness. Several times a year he was raising money for walkathons or bikeathons to help others.

I remember the time he was composing a song to one of his favorite tunes "Hey Jude." He changed the words to express his feelings about saving the children stricken with cancer. It was beautiful!

Peter was an integral part of the power plant crew. We are no longer whole. The healing will take time. Yes, his position will be filled but we will never replace the Peter Ryan who truly loved his fellow man. I am enriched for having known him.

CAPE COD

MASS. MARITIME

SAINT JUDE (Sung to the tune of Hey Jude)
Words and Music by Lennon & McCartney, adapted by Peter Ryan

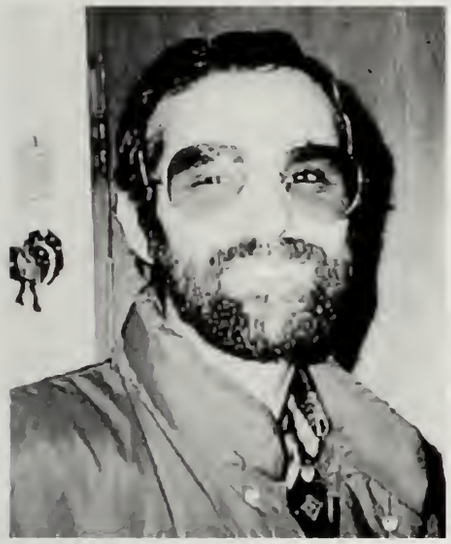
St. Jude, don't make it bad,
Take a sad song and make it better.
So let the children into our hearts
Then we can start to make it better.

St. Jude, "Don't be afraid.
You were made to go out and help them.
The minute you let them into your hearts
Then you can start to make it better."

And anytime we feel their pain
St. Jude, again, you carry the world upon your shoulders.
We know that it's a fool who plays it cool
By making the world a little colder.

St. Jude, don't let them down.
Once you've found them,
Go out and help them.
Remember to let them into your hearts
Then we can start to make it better.

St. Jude, don't make it bad,
Take a sad song and make it better.
So help us to let them into our hearts
Then we can start to make it better, better, better.
La, la-la, la-la-la-la, etc.



PETER RYAN WILL BE MISSED!

I will miss Peter Ryan. I will miss him a lot.
I will miss his unmistakable voice yelling to me,
"Hey, Ryan, it won't be long before I'm running with you."
I never doubted it.
I just knew the hallmark of the man was his incredible ability to push back the constant pain of cancer that he carried with him for the past several years. And that if anybody was going to beat it, Pete would be the guy.
I will miss his enthusiasm. His courage. His friendliness. His unending positive nature. And, most of all, his bravery in the face of a terrible disease.
Peter Ryan was one of the bravest men I have ever met.
When thinking of Peter I am always drawn to the inspirational words of Theodore Roosevelt – who wrote:
"It is not the critic who counts; not the man who points out how the strong man stumbled or where the doer of deeds could have done better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs and comes short again and again; who at he best, knows in the worst, if he fails, at least while ***daring greatly*** *so that his place shall ever be with those timid souls who know neither victory or defeat."*
Peter Ryan dared cancer to beat him... and cancer lost. So did we when he passed away last week.
Peter, may God bless you and keep you.

A tribute written by Chris Ryan, a coworker and friend to Peter. This was published in the Academy newsletter, *Horse Latitudes*.

INTRODUCING THE SENIORS

4 yrs in college seems like a long time, but it's not. Time's flying-by, especially this last semester, "I think you've heard of Coasties, right?" I earned tremendous knowledge which I could never achieve anywhere else besides this land. Also, I have met so many good shipmates who are always happy to help me out when I don't know something. I also do not think I can get that anywhere else, either. Good luck and success to you all.

Thanks Mom, Dad, Tracy and Tami for all the love and prayers. Those who go down to the sea in ships, who do business on great watets, they see the works of the Lord, and His wonders in the deep. For He commands and raises the stormy wind, which lifts up the waves of the sea. Psalm 107: 23-35

ORIENTATION 1996

On Sunday, August 18, 1996, the Class of 200 met for the first time. At 1300 hrs., the first few individuals filed into the gymnasium to begin their MMA careers. They were met in the gym by 1/C John Mackleer, the RC, who informed them of there new status as Cade Candidates. Each day began with PT in the morning, followed by a hectic schedule of lectureds, marching, push-ups, swim tests, fire-fighting, intramurals, sailing, rowing, eating prunes, stenciling, shining shoes, learning (and hopefully spouting) "Youngie Knowledge," yelling and more push-ups.

After two weeks of training and competition, Orientation Graduation was held on August 31 on the football field before our proud families and friends. First Company won the coveted Admiral's Cup which signified its achievement as the best overall Company during Orientation, while Second Company won the Commandant's Award. The Trustee's Award for the Most Spirited Company was earned by Fourth Company, with Fifth Company deemed the Best Marching Unit.

ORIENTATION

On August 22, 1999 the Class of 2003 arrived at MMA and, under the mantle of 1/C Rob Mortensen's leadership, Orientation began in earnest. This incoming class hosted the largest number of Cadet Candidates in recent memory with 220 staying to complete the two week Indoctrination period.

As in past years, physical training started the day with numerous activities coming afterward. Cadet Candidates were dropped for push-ups, taught the fundamentals of watchkeeping & discipline, given tours of the *Patriot State*, participated in intramurals, went sailing, attended STCW lectures, learned basic fire-fighting, rowed monomoys and studied the Orientation favorite, "Youngie Knowledge."

At the end of the two weeks, parents & friends were invited to the Orientation Graduation on September 4, 1999. Sixth Company, led by 1/C Kathleen Wallace, won the highest honors, the Admiral's Cup and the Trustee's Award, while First Company, led by 1/C Jeff Ford won the Commandant's Award. Third Company, led by 1/C Jon Miller, took home the award for the Best Marching Unit.

ATHLETICS

FOOTBALL

Nine seniors led the '99 Bucs to a roaring start that saw MMA jump out to a 7-0 record. The first ever win over Coast Guard by a score of 19-7 started the season off on a high note. The Bucs then won six more in a row, including a Homecoming victory over Maine Maritime. A one-point loss in overtime to Nichols was the first blemish on the record but the team bounced back to stop Framingham 22-20. The Cranberry Bowl was for all the marbles, a Conference Title and a NCAA Tourney bid, but the Bears' high-powered offense won out in a 41-23 BSC win.

Senior linebacker and four-year starter Tim Zaniboni, one of three MMA Captains, was named to the NEFC ALL-Conference First Team as was wide receiver and captain Dan Reading. Senior Scott Durkin made the All-Conference Second Team on defense along with classmate Jamie Pike. Scott Gaudet was named Second Team All-Conference at guard for the second time in his career. Captain Nick Kielbania started ten games at tight end and was a force on offense. Jeff Ford completed a four-year career that saw him play a number of positions and made a positive contribution at all of them. Kevin Barre was solid at fullback both as a runner and a blocker. Bob Sexton started ten games at center and along with Gaudet led MMA to 1,918 rushing yards and 19 touchdowns on the ground. Zaniboni, Gaudet and Reading added All-New England recognition to their impressive credentials.

LADY BUCS VOLLEYBALL

Seniors Andrea Woefel, Kathleen Wallace and Jillian Surprenant, all four-year members of the team, propelled the Lady Bucs through a highly competitive schedule which includes ten matches in the always-tough MASCAC. Woefel posted a .759 hitting percentage, highest on the team. Surprenant led the team in digs and Wallace played a strong all-around game in 20 matches. Despite many early losses, the team battled back to finish with the best record in MMA history.

SOCCER

Coach Greg Perry was named MASCAC "Coach of the Year" and with five seniors leading the way the Bucs ran off their best record in many years finishing 10-6-1. Following a 2-1-1 start in their first four games, the soccer Bucs ran off six straight wins including the first-ever defeat of Umass-Dartmouth by a 4-3 score. Following a loss to perennial MASCAC power Salem State, MMA notched back-to-back 2-0 victories over Emerson and Framingham.

Jon Emmerton was the backbone of this team, scoring 15 points on six goals and three assists. Dennis Keeler added nine points and seniors Victor Panchuk, Matt Hudson and Mark Scolponeti combined for 20 points. Following a 6-13 season in '98, MMA made the NCAA top 20 list of the most improved teams in the nation in Division III.

WOMENS CROSS COUNTRY

Seniors Gina Varnerin and Rachel Reed held together an otherwise very young Womens Cross Country Fall 1999 squad. They were outstanding in dual meet races and highly competitive in New England's top events.

MENS CROSS COUNTRY

Anthony Vittorioso, Rob Mortensen and Scott Theriault were part of a team that attacked the toughest schedules in history for the harriers. Their enthusiasm and leadership paved the way for future successes in Men's Cross Country.

CREW

In it's 4th year as a varsity sport, the rowing program at MMA continued to make strides in compe itive races which were held all over New England. In the fall semester, while rowing in "eights," th Men's and Women's team performed well at the Head of the Charles, Head of the Connecticut, ar the Head of the Textiles.

In the spring semester, the Women's Varsity Four, Second Varsity Four, and the Novice Four all ha terrific seasons with several of the boats finishing undefeated. The Women's Varsity Four was cor prised of Aimee Patnoad, Sam Phaneuf, Jess Waters, Beth Voghel and Tara Hurst.

The Men's Varsity Eight defeated Middlebury and the University of Lowell while narrowly losing Holy Cross and Tufts University in tightly contested races.

SOFTBALL

Senior captains Karen Ginnetty and Kathleen Wallace led the Lady Bucs during the 2000 season. Coach Maureen Holden guided th eclub through the highly competitive MASCAC schedule with sophomore Deanna Bechtel handling the majority of the pitching load. Juniors Alf Aspelin, Jess Lavallee, and Chrissy Renaud added solid defense while freshman phenom Missy DeValles provided consistent run support at the plate. Ginnetty and Wallace both ended their Buccaneer careers on a high note posting batting averages of .344 and .388, respectively.

BASEBALL

This years Baseball team performed well against several tough teams. The team was comprised of numerous underclassmen with 18 members from the freshman and sophomore classes.

Several senior scontributed strongly in their last season. Tim Zaniboni led the team's offense with an impressive .345 batting average. Also contributing on offense were seniors Joel Lynch and Matt Scioletti.

For the defense, Ed Todd and Jeff Morse both had good seasons to close-out their 4 years on the team. Freshman George Scharrenweber finished the season with a 3-0 record and an ERA of 2.32.

LACROSSE

MMA Lacrosse, which posted a losing record in 1999, had an improved 2000 season finishing with a 7-5 record. Junior Mike Desrosier led the team with 66 points while also finishing high in the Pilgrim League standings.

Seniors, including Captain Brendan Sullivan and Peter Callahan, had impressive seasons to finish-off their four years on the team.

Freshman Barrett Mully was honored twice with "Rookie of the Week" honors while finishing 8th overall in Pilgrim League standings.

SAILING

The Sailing Team had a very impressive fall semester. In late October of 1999 the Bucaneer Varsity sailing program became the first MMA team to represent the United States in International competition, when they participated in the World Cup of Student Yachting in Cherbourg, France.

The Spring semester was filled with 32 events where the team performed admirably. In the off-shore competition, the team finished 6th in the Kennedy Cup held at Annapolis, MD.

Seniors are important in any program, especially so in sailing. Congratulations to senior sailors Charles Green, Jessica Harlin, Mike Lemieux, Anthony Vittorioso, and Tim Bateman.
